

Advance Notice Of Pesticide Treatment

This notice is to be provided whenever a pesticide, other than a bait or gel formulation, is to be applied at this facility. The information will be posted using the methods identified in the Annual Notification.

Attention: This facility utilizes an Integrated Pest Management Program for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

Please be advised that a pesticide is expected to be applied to control 30-6-10 poplar/Fri-Ad

The approximate location of this pest control treatment is School grounds/fields.

The anticipated date of treatment will be 6/15/23 - 8:00 am.

If you have questions pertaining to this treatment, please contact:
6/18/23
